COMPANY PROFILE & PRICE LIST

AB11 Group Services Pty Ltd is an Australian company specialising in supplying a comprehensive range of earthmoving and construction plant and haulage equipment to the civil construction, building, plumbing, electrical and landscaping industries; including Sydney Water and Government authorities. AB11 Group was founded in 1997 by Daniel Abeleven

Since 1997, the company has expanded from an owner operator, to a medium sized company, employing some 30 plus employees. In addition the company engages various sub-contractors as and when the need arises within their area of skills, qualification and expertise.

Over the years the company has developed and maintains a strong bond with some of the major companies in NSW and carry's its business in close liaison with these companies providing products & services and cost savings to their expectations.

AB11 Group recognises that prompt service, safe & reliable plant and skilled operators are key indicators of its performance. This enhances the Company's reputation with its customers and increases its industry competitiveness.

We are committed to providing a quality product and service to our clients and developing long term relationships to ensure the best outcomes for our clients and/or project requirements.

Customer focus is very important to the clients we work for. We understand this and are committed to not interfering with that relationship during our contracts. Every attempt is made to represent the client in the best possible manner.

We shall supply to all metropolitan and rural areas of New South Wales.
